

# FORVM ANCIENT COINS

## CONSIGNMENT SALE SUBMISSION FORM FOR ANCIENT COINS

**Contact Us First:** We ask you to contact us by email or phone before submitting coins so we know what to expect and when to expect them. Our phone number is 252-646-1958. Our email address is [CustomerService@forumancientcoins.com](mailto:CustomerService@forumancientcoins.com).

**Ancient Coins ONLY:** Please note FORVM is an ancient coin specialty dealer. Ancient coins are generally minted prior to 1000 A.D. and belong to groups of coins commonly known as Greek, Roman, Celtic, and Byzantine. If you have something else please discuss the coins with us by email or phone prior to submission since it is unlikely we will handle your coin(s).

**Contract:** This is a binding contract. Please be sure you understand all the terms prior to submission. This contract is legally formed between the consignor (you) and Forum Ancient Coins (FORVM, us or we) in the State of North Carolina, United States. All legal issues will be settled according to North Carolina law and / or by North Carolina courts with no regard to your Country or State of residence. Please Sign the form! We can not do anything with your coins without your signature.

Address \_\_\_\_\_

E-mail \_\_\_\_\_

Telephone \_\_\_\_\_

**Fees:** We charge a fee of 15% of the sale price or a minimum of \$25, whichever is greater, for each coin or group of coins listed and sold as a single lot on consignment in our fixed price catalog. The \$25 minimum is waived for consignments sold on eBay but the fees charged by eBay for the listing and sale are added to the 15% consignment fee. The minimum term of contract is 90 days posted to our website for sale; if you wish, after an initial 90 days you may request return of any unsold coin(s). No fees are charged for coins that do not sell.

**eBay Auction Consignment:** If you are consigning to FORVM for eBay auction sale, note all FORVM eBay consignment auctions start at \$.99 and have no reserve. Because eBay auctions allow for rapid sale and are exempt from the \$25 minimum, we recommend eBay for low priced coins. Auctioning on eBay is also a good alternative for coins that do not sell in the fixed price catalog after price reductions or after an extended period. Because we do not charge a minimum, attribution support for eBay consignments may be limited. We may list the coin(s) only with whatever attribution information you provide with the coin(s). Coins auctioned on eBay are not considered sold until FORVM receives payment in full. If a bidder does not pay, the coin will be relisted with eBay. All fees charged by eBay for the listing and sale of a coin or lot will be added to the 15% consignment fee charged by FORVM for that coin or lot.

**Reserve and Layaway:** FORVM offers its customers the option of putting coins on reserve for 15 days, with an optional extension for a second 15 days. In addition, FORVM offers lay-away to our customers, requiring 20% down and 20% per month. Coins on reserve and lay away are not considered sold until FORVM receives payment in full. This service may delay sales but we believe it helps FORVM receive the best price for your consignment coin(s).

**Payments:** Payment will be sent to you on the last day of the month, *following* the month of sale. A sale is completed when FORVM receives payment in full from the buying customer. For example, if a coin sells anytime in June, payment will be mailed on 31 July. Payments will be the actual sale price minus fees.

**Buyer Returns:** If a buyer returns coin(s) to FORVM before payment is made to you for the sale, the sale will be cancelled and no payment will be made to you for the cancelled sale. If a buyer returns coin(s) after you have received payment for the sale, FORVM will be responsible for the return and there will be no effect on payments to you.

**Mailing Your Coins:** Send your coins along with this form to FORVM, PO BOX 1316, Morehead City, NC 28557-1316. We suggest you send coins insured and registered. Including all dealer tags and / or copies of receipts from your purchases may allow us to increase the sale price of your coins. We accept no responsibility for coins we do not receive. We will confirm receipt of your coins by email or phone on the day of or the day following receipt.

**Pricing:** Upon receipt, we will examine your coin(s) to establish prices. Normally we will complete the examination within ten days of receipt, however, large collections may take longer and delays are possible. We will accept prices you set as long as we agree they are reasonable. If we do not agree with your prices or you wish to have FORVM set prices, we will communicate with you to reach agreement. Upon request, we will also sign this form and return a copy to you.

**Cancellation or Withdrawal:** If we cannot agree on the price for any coin or we cannot authenticate a coin, we will return it registered and insured mail to you at our expense. If, after 90 days, you withdraw a coin from consignment we will return it to you registered and insured mail at our expense.

**Payment Options (please circle your selection or fill in the blank as appropriate):**

I would like payments by the following method:

Check          PayPal          Direct Deposit (U.S. Only)          Bank Wire (\$25 fee for each wire)

For PayPal, please provide your PayPal email address: \_\_\_\_\_

For direct deposit attach a voided check.

For international wire provide the following information:

Account holders name \_\_\_\_\_

Bank name \_\_\_\_\_

**Pricing Options (please circle your selection or fill in the blank as appropriate):**

The prices above or attached are: Firm Minimums Maximums Flexible

I would like FORVM to use best judgment on all pricing and options discussed below. (Note: you can always email or call and ask for price changes on a coin or coins.)

Yes No

If you selected yes, skip remaining pricing options.

If FORVM believes it will enhance the price, probability of sale, or speed of sale for a particular coin, I authorize FORVM to obtain an A.C.C.S. Certificate of Authenticity and increase the Catalog Price and Fee for any coin certified by \$45 to cover the costs of certification.

Yes No Ask me before certifying

FORVM should discount using their best judgment? Yes No

FORVM's Catalog is fixed price but other dealers are typically offered a discount up to 20%. If another dealer desires to purchase your coin(s), what discount, if any, should FORVM offer?

0% 10% 20%

If FORVM holds an advertised sale, do you wish to include your coin(s) and reduce the price(s) 10%?

Yes No

FORVM recommends starting coins at a reasonable but high-end retail price and lowering the price over time. Do you want FORVM to periodically but selectively reduce the price of unsold coins? If so what general frequency and amount of deduction would you like? For example, we typically reduce our coins 10% (rounded to the nearest \$1) after 3 months.

I wish to discount \_\_\_\_\_ % (rounded to the nearest \$1) after each \_\_\_\_\_ (specify time period).

For coins that do sell in the catalog, I would like to auction them on eBay after \_\_\_\_\_ days (leave blank if you do not want coins consigned to the catalog auctioned on eBay).

**Ownership and Agreement:** I certify I legally own the above coins. I have proof of ownership. I agree to terms of consignment as stated above: specifically I agree to the Fee, timing of payment, and minimum contract length.
